

To Whom it May Concern:

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation, and must be stopped.

Such corporate control over local stations is the antithesis of democracy. It is the FCC's responsibility to stop such illegal corporate control over our public airwaves, which Sinclair uses free of charge. The FCC should enforce the law, by which Sinclair is obligated to serve the public interest.

Unfortunately, when large companies control the airwaves like this, the public loses. Instead of serving the public interest and democracy, Sinclair is forcing its self-serving opinions on the rest of us.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them.

Please do something about Sinclair's illegal, undemocratic control of our airwaves.

Thank you.
